**Public Comments & Discussion**

None

**After-K (green room) enrollment**

We are still looking for children to fill the green room (after k). Some suggestions for letting folks know about the program were: getting notes to parents at Circle H Camp (at the Ray School); getting into the "Pink Sheet" that goes out to Ray School parents; Contacting Tuck Admissions and the Tuck Partners group to let them know about the services.

**After School Program at Marion Cross School**

We discussed the possibility of expanding our program to include after school care for children at the Marion Cross School. Certain logistical details would need to be met in order to provide service beginning this school year. Members of the Norwich After School Program were in attendance for the discussion.
